## Recommitment Month

Name: \_\_\_\_\_

The month of May marks the approach of the mid-way point of the year. For this reason, the month of May is known nationally as **Recommitment Month**. As the school year comes to a close, the month of May is a great time to assess your progress in reaching the goals you set for yourself earlier in the year. It is also a good time to recommit to those goals, and to commit to giving your all until the very last day of school.

A great way to ensure you are successful is to employ targeted study strategies that will be most effective for you as you prepare for end of the year testing and exams. In this lesson you will add content to each section of your career plan, take a *Learning Styles Assessment* to discover which type of learner you are, identify study strategies that complement your preferred learning style, and complete a summer goal planning exercise.

### Learning Styles Assessment

1. Login to your MajorClarity account and click "**Edit your profile**".
2. Scroll down to the 25-question *Learning Styles Assessment* and begin the test. Click "**Reset assessment**" if you have taken it previously.
3. Once complete, record your data in the table.
4. Review the assessment results and read the description of each learning style by clicking the blue question mark icon beside the profile title. Write a summary of the learning profile for which you earned the highest score in the far right column of the table.

Learning Style Profile	Score	Summary of my preferred style of learning
Kinesthetic Combination	%	
Visual Numerical	%	
Visual Linguistic	%	
Auditory Linguistic	%	
Auditory Numerical	%	

List 2-3 study strategies that would be most effective for you based on your assessment results.

Once complete, fill in the **Summer Goal Planning** graphic organizer. Use your remaining activity time to update and expand the information in your *Academic Career Plan*.

### Follow the steps below to navigate the "My Career Plan" tab:

1. Navigate to the "Your Career Plan" section of the platform.
2. Expand the first section titled **Career Goals** and then briefly explain your career goals.
3. Expand **Education Goals** and use the drop down menu to input Diploma type, Diploma recognition, Post secondary goal, and Military branch information, if applicable.
4. Expand **Clubs and Activities** and add any clubs or activities you have participated in.
5. Expand **Test Scores** and enter your scores for ACT, SAT, and PSAT, if applicable.

## STUDENT WORKSHEET

6. Expand Workplace Readiness and complete all applicable components.
7. Once complete, add your signature and save your work.
